<sup>2</sup>DDD Company, City, Country

The content of abstract is limited to 1-page length.

Please avoid the explanation of NIRS's benefits on non-destructive, quick measurement and less chemical and labour. On the other hand, please try to describe the objective of your work, the rationale behind the design, the method of measurement and the brief results and discussion.

Please refrain to refer to references in the abstract.

The abstract can have more than 1 paragraph; however, the brief and easy to understand abstract will pay a good contribution to the selection of oral presentation.

Kindly understand that the abstract will be used for program arrangement only.

**Keywords:** milk, food safety, penetration depth, water

*Please avoid the words "NIRS", "Near Infrared", "Non-destructive".*

*The number of keywords should not exceed ten.*

Type of presentation: Oral/Poster Presentation (Please select one)
